- 8 Spring BOR Meeting

## Message from the President

Dear Fellows:

As I humbly begin my year as President of the International College of Dentists USA Section, I am pleased to serve at such an exciting time for this organization. We are undergoing significant transition and I'm very pleased with how the ICD is preparing itself for the future. We are midway through our five-year strategic plan and in most areas we are ahead of schedule in accomplishing our goals. Great credit is owed to the hard work, forward thinking and flexibility of our Regents, Officers and Executive Director Carol Turner and her dedicated team for their willingness to push on and to Dr. Robert Frazer for his leadership in helping us develop and carry out our Applied Strategic Plan. Change is necessary and exciting but also a lot of hard work.

We had a great meeting in San Antonio and inducted 270 new Fellows into the ICD. Now

is the time to be actively engaged in the process of nominating Candidates for next year's class. One of the great privileges that we all have as Fellows in the ICD is the privilege of nominating another dentist for the honor of Fellowship. We call this "Sharing the Honor" so look around, check your state roster to see if there's someone who isn't an ICD Fellow who you believe deserves the honor of Fellowship and talk to your Deputy Regent about how to get the process started. You have the opportunity to impact someone's life in a very important way. Do you remember the honor that you felt when you were inducted into the ICD?

Dr. Francis Serio in his address to the new Fellows during the Convocation in San Antonio challenged them to become active and involved members and I want to encourage all of you to do the same. One of the opportunities for this is to participate in one or more of the projects of the ICD-USA; another is to join us in San Diego April 17th and 18th for the Continuing Education Conference following our board meeting. San Diego is a wonderful location for a family getaway. This is also a good way to get to know the Vice Regents, Regents, Officers and other Fellows from across the country. Getting to know the ICD "family" as I call it is one of the best benefits of my years of involvement

with this wonderful organization and I encourage you to share the experience. Look for information about the CE Conference on the website, in the KEY-Mails and in this issue of the KEYNOTES.

2015 will be a busy year. Check out the new website to keep informed and remember to get into the Member Section of the website you need to create a password using the email address we have on file for you. If you don't remember which email address we have on file for you, please contact the section office. The website has a lot of information that is constantly being updated to keep you informed about all the ICD is doing.

The USA Section of the ICD is a vibrant and progressive organization because of the quality of its members. You were honored with Fellowship because you exemplify the core values of Integrity, Leadership and Service and it is this strength of character of our members that will keep this organization ever strong and growing. The future is bright and I thank you for the privilege of serving as your President.

In Fellowship,

*Dexter E Barnes DDS*

Dexter E. Barnes, DDS  
President, ICD USA Section

**W**e have had another very productive year and are looking forward to an even more exciting year ahead of us. This last December we launched our new website and it is spectacular. Among other key elements, we have included an all-electronic Candidate Nomination Process. The simple key to this process is to first create

a personal password to login. You will notice too that the nomination process follows specific protocol and you will not be able to skip steps (not that you did that before). Please follow the new guidance. You will be seeing the website capabilities grow as the year unfolds...really progressive.

The Annual Session will be held in Washington DC this year so if

any of you want to stop in and see our new office in Gaithersburg, Maryland please let us know. We will be there the week before and the week after the annual events. We would love to show you around.

Carol I. Turner, D.D.S.  
USA Section Registrar

**IMPORTANT DATES:**

**January 15, 2015**

State/District Editor's 2014 Input for 2015 KEY to Editor Richard Galeone [rjgdds59@comcast.net](mailto:rjgdds59@comcast.net). Yep, you are already late. Dr. Galeone still wants to hear from you though.

**March 31, 2015**

Deadline to submit entry for Journalism Awards to USA Section Office. Download entry form at [www.usa-icd.org](http://www.usa-icd.org)

**April 16, 2015**

Spring Board of Regents Meeting  
Catamaran, San Diego, CA

**May 15, 2015**

Complete Nomination Packages for Fellowship via Candidate Information Form (CIF) to Section Office. The new electronic process on the website is wonderful! Refer to January 2015 Key-Mail or website for instructions.

**November 5, 2015**

Fall Board of Regents Meeting  
Renaissance Washington, DC  
Downtown Hotel

**November 6, 2015**

Convocation and Dinner Dance  
Renaissance Washington, DC  
Downtown Hotel

**2014 Board of Regents**

# Fisher House

The ICD USA Section has partnered with the Fisher House Foundation to provide emergency and palliative dental care to families of Wounded Warriors at designated Fisher Houses across the USA.

Local ICD dentists provide emergency dental care at NO CHARGE to families staying at a Fisher House. A list of volunteer general dentists, oral surgeons, pediatric dentists and other specialists will be available in each Fisher House. The Fisher House family member

will contact a local ICD dentist and identify themselves as a Fisher House resident and will be scheduled for emergency care at their office. The family member will have a letter of referral from the Fisher House for introduction.

If you are interested in being a Volunteer for the Fisher House Program please contact Mary Jo Webster at [maryjo@usa-icd.org](mailto:maryjo@usa-icd.org) to be added to the provider list for the Fisher House in your area.

# Peace Corps

Dr. Spiegelman has spoken with a large number of PC applicants who are extremely grateful for the complimentary ICD service. For those applicants without dental insurance the savings afforded by visiting an ICD dentist is significant. In addition, PC saves money for each applicant who visits an ICD dentist, which in turn helps them place more volunteers. The Peace Corps has extended a Big Thank You to each participating ICD Fellow.

To become a volunteer for the Peace Corps Program please contact Mary Jo Webster at the Section Office by email at [maryjo@usa-icd.org](mailto:maryjo@usa-icd.org). Please note that your business address will be used as your primary address on the website if you become a volunteer. This will allow Peace Corps Applicants to contact your office directly for an appointment.

Many USA Section members are making their Fellowship in the International College of Dentists more meaningful by providing Peace Corps (PC) applicants with a complete dental examination at NO CHARGE. This would include a periodontal exam and a full mouth series of radiographs (or a panorex with bitewings). Any dental treatment diagnosed is the applicant's responsibility. Fellows who participate in the program report that they are inspired by the caliber and enthusiasm of the PC applicants. Most Fellows see approximately two or three applicants per year.

This program was launched in 2006 by ICD International President, I. Leon Aronson, when he was USA Section President and David H. Spiegelman, DDS, the Peace Corps' current dental consultant. Approximately 1000 PC applicants annually receive complete examinations from ICD Fellows.

# ICD-USA Section Foundation Message from the President

This has been a most successful and productive year for the ICD USA Section Foundation. We have begun a process of reorganization and introspection and continue to redefine our vision, objectives, and priorities. The Foundation will be supporting a new Student Humanitarian Award at US Dental Schools and a Distinguished Humanitarian of the Year Award for Fellows. We have developed and pre-launched the Century Club Campaign to the leadership of the ICD USA Section and the Foundation and have received their overwhelming support.

None of these accomplishments would be possible without the commitment and dedication of our Board of Trustees, the cooperation of the USA Section, and our USA Fellows. I thank everyone for their generous financial support and their noteworthy participation in many humanitarian efforts in the US and abroad.

An important goal of the Foundation is to recognize, promote, and financially support the humanitarian activities and projects of the USA Section, the Foundation, and our Fellows. I believe we have a compelling story to tell of how we are making a significant difference in our communities, our profession, and for humanity.

Grant applications, instructions, and reporting forms have been simplified and are available on the Foundation website at [www.usa-icd.org/foundation](http://www.usa-icd.org/foundation). This will increase the efficiency of administering and responding to

our grant requests. We want to be able to share your humanitarian stories with all of our Fellows and request that everyone submit articles and pictures.

The Foundation has developed the Century Club to provide additional funding for the current and future humanitarian activities of the Section and the Foundation. Membership in the Century Club requires a donation of \$100 per month for a 5 year period. The Century Club will be officially launched to our USA Fellows in 2015. Complete information and applications will be available on our website.

The Century Club is a leadership driven campaign and was pre-launched to the Foundation's Board of Trustees and the Section's Board of Regents in September, 2014. I am very proud of the overwhelming financial support and leadership that the Century Club has received from both Boards. The Century Club had 39 Charter Members in 2014 and their names will be listed in all of our publications and on the Foundation website.

I would like to offer a special thanks to Dr. and Mrs. Charles M. Simons who have given a most generous gift to the Foundation of \$100,000 over a 10 year period. \$8000 per year will be used to support the Section's Fellowship Orientation Program. The balance will be contributed to the College and the European Foundations.

We would also like to extend our deep appreciation to Dr. William Hunter for his donation of \$28,000 over a 10 year period to fund the new Student Humanitarian Awards. This will be given to a senior Dental Student in US Dental Schools who best exemplifies altruistic leadership in promoting and participating in humanitarian activities and projects.

The Foundation will initiate and support the Distinguished Humanitarian of the Year Award in 2015. This is a USA Section Award that may be given annually to a US Fellow that has demonstrated outstanding leadership and commitment in supporting and promoting humanitarian efforts in the USA and throughout the world.

I would like to personally thank each and every Fellow for your continued leadership, commitment, and financial support of the Foundation.

In Fellowship,

W. Michael Kenney, DDS, MS, FICD  
President, USA Section Foundation  
International College of Dentists

# Maxillofacial Prosthetics:

## Current Trends in the Use of Advanced Digital Technologies in Patient Care and Treatment

Date: April 17, 2015

Time: 8am – 12pm

Speaker: Gerald T. Grant, DMD, MS, FACP

CE credits: 4

This course is designed for those who want to learn more about advanced digital technologies (ADT) in the initial evaluation and planning to restore Craniofacial defects in support of head and neck cancer and trauma patients. Virtual planning, digital capture, digital design and the use of additive manufacturing technologies

have provided tools that have streamlined the fabrication of facial and prosthetic prosthesis, decreased operating times, and have contributed greatly to better patient outcome in the both the surgical reconstruction and patient rehabilitation. This lecture will explore the current use of ADT in the practice of Maxillofacial Prosthetics and the future of the “subspecialty”.

### Learning objectives

1. Introduction to the past and future of Maxillofacial Prosthetics in patient care.
2. Understanding of the components of Additive Manufacturing Technologies in Dentistry and Medicine.
3. Exposure to different forms of digital manufacturing technologies and how they can be applied to dental and medical planning and restoration.
4. Introduction to the integration of digital methodology in patient care.
5. Demonstrate the use of advanced digital technologies in the application of patient treatment planning and treatment.

# Living Younger:

## The New Art of Dentistry

Date: April 18, 2015

Time: 8am – 12pm

Speaker: Gregory W. Petersburg, D.O.

CE credits: 4

**This course is designed only for those who:**

1. Aspire to have and/or help patients to have the ultimate life experience: that of aging well...really well!;
2. Are serious about helping patients choose and sustain truly meaningful lifestyle changes that impact not just oral health but whole-person well-being;
3. Seek to become the kind of teacher, and leader, in your profession that inspires and changes the world for the better.

Lofty? Of course. Achievable? Absolutely! This fast-paced and entertaining program explores controllable aging processes, how simple lifestyle modifications can have profound impact on those processes, how to successfully incorporate this knowledge into your practice, and how by doing so you will change not only yourself, but the world around you.

### Learning Objectives:

1. The Art of Aging Well: *An Introduction to aging and practical lifestyle approaches that can prevent, delay, or reverse pathologic aging.*
2. The Art of Changing Patient Behavior: *Powerful patient communication your whole staff can use to facilitate better patient adherence rates to those healthy behaviors, resulting in improved clinical outcomes, better patient loyalty, and practitioner satisfaction.*
3. The Art of Changing the World: *Entertaining demonstrations, with audience participation, of concepts for inspired teaching and leadership. These demonstrations will incorporate staged performance, stories, audience activities, videos, and lecture.*

**ADA C.E.R.P.**® | Continuing Education Recognition Program

These courses are presented by the International College of Dentists USA Section Foundation in cooperation with the University of Texas Health Science Center at San Antonio, an ADA CERP Recognized Provider. The courses have been planned and implemented in accordance with the standards of the ADA Continuing Education Recognition Program (ADA CERP). ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP neither approves nor endorses individual courses or instructors nor does it imply acceptance of credit hours by the boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at <http://www.ada.org/en/about-the-ada/contact/>

**NONREFUNDABLE AIRLINE TICKET, FLIGHT CHANGE, OR HOTEL RESERVATION:** The International College of Dentists USA Section Foundation cannot be held responsible for the cost of a nonrefundable airline ticket, flight change, or hotel room reservation in the event these programs are cancelled or rescheduled.

**CANCELLATION & REFUND POLICY:** The International College of Dentists USA Section Foundation reserves the right to cancel this program should circumstances warrant such action. In the event these programs are cancelled or filled, the ICD USA Section Foundation will either refund the full tuition or apply the tuition to the next program of your choice. If you must cancel your registration for these programs, the ICD USA Section Foundation will apply the tuition you paid (minus an administrative fee) to the next CE Program offered or refund your tuition (minus an administrative fee) if the ICD receives notification (preferably in writing) of your withdrawal no later than March 16, 2015. Notification of withdrawal received after this program begins will result in forfeiture of the entire tuition.

**CONTINUING EDUCATION CREDIT:** Continuing education credit awarded for participation in this program may not apply toward license renewal in all states. It is the responsibility of each participant to verify the requirements of his or her state licensing board.

**PLEASE: NO RECORDING DEVICES IN LECTURE ROOMS, AND TURN MOBILE PHONES OFF.**
