ICD-USA Regent's Report

By Peter P. Korch III

Peter P. Korch III

It's mid-January as I write this and have just returned from the holiday party my local dental society holds this time every year. As I often do at gatherings of my colleagues, I wore my ICD lapel pin. This year, another dentist noticed and asked about it. I briefly

related the history of ICD, named its core values and described some of the current work we do within the state, nationally and internationally. My colleague seemed impressed, but confessed to never having heard of ICD before. This is a shame. Considering all of the good works we perform, one would think we would be on the radar. I suspect, however, that this experience is not isolated – that many dentists have no idea that ICD is out there. It should go without saying that if our peers are in the dark, the general public is clueless. It is time to change that. I challenge all of our Fellows to wear their ICD lapel pins to dental meetings. Wear it to Kiwanis. To Lions. To Rotary. To any charitable or service organization you belong to or are attending. You are our ambassadors: Let the world know we exist and what we do.

District 3 was proud to induct 7 dentists into Fellowship at the Convocation held in New Orleans last fall. Their biographies are included in this newsletter. If you know them, please take a moment to introduce yourself as a Fellow and congratulate them on their accomplishment. Some other news to share from the New Orleans meeting: Our district was one of three who received a Model District Award. It was humbling to know that we won in the face of some stiff competition. Congratulations all!

We will once again be sponsoring a free CE course the day before the PDA Annual Session. Dr. Herbert Ray will present *Endodontic Therapy—More Than Just Doing Root Canals!* on Thursday, April 24 at the Hotel Hershey. An additional free course has been added this year: Dr. David Anderson will present an ethics course entitled *Collateral*

Consequences of Global Conflict—In Your Dental Office early that afternoon. This course is presented as a collaborative effort between ICD and both PA sections of ACD and the PFA. We hope to continue such collaborations in the future. Please contact Rebecca Von Nieda (rvn@padental.org) or (800) 223-0016, ext. 117 to reserve a seat. Seating is limited, so reserve early. I look forward to seeing many of you at both of these courses.

This year the MOM-n-PA event will be held in Allentown on Friday and Saturday, September 12-13. Those of you who attended the 2013 Mission of Mercy know that this was an incredibly rewarding experience. I encourage as many of you as possible to mark your calendars and contact the organizers of this important event to participate.

In other news, the ICD-USA central office completed the move to its new location in December. The new facility is indeed an improvement from our old location, and photos have been posted on the Section Facebook page. If you are on FB, please take a moment and “like” our page.

As always, I am available to answer any questions you have regarding the College. Feel free to drop me a line.

2014 CALENDAR

April 29 – May 3, 2014

Frederick S. Johnson, DMD

Dr. Johnson is a general dentist who was born and raised in Lancaster County. He attended Hempfield High School from which he graduated in 1970. While in high school he lettered in tennis and swimming and attained the rank of Eagle Scout while participating in Boy Scout Troop 33 of East Petersburg. From 1970 to 1974 he attended Ursinus College, graduating with a Bachelor of Science degree in chemistry. During this time he was a member of Alpha Phi Omega service fraternity. From 1974 to 1978 he attended the University of Pittsburgh School of Dental Medicine from which he received his DMD degree. After graduation he joined a dental practice in Annville, Pa. which shortly thereafter he purchased and practiced general dentistry there until 2000 at which time due to a growing practice and desire to expand he moved into his present facility in Cleona.

He is presently or has been in the past a member of numerous dental organizations including the ADA tripartite, American Academy of Cosmetic Dentistry, Dentists for Oral Conscious Sedation and attended numerous continuing education modalities including those of the Pankey Institute and Dr. Frank Spear. He is married to Dr Jennifer Davis with whom he practices. He has a son and a daughter and four lovely granddaughters. Throughout his life he has been an athletic individual and at present is competing in triathlons. Other interests include any and all outdoor activities such as skiing, hiking, biking, hunting, touring historical sites, and traveling.

Nicole Stachewicz Johnson, DMD

Dr. Johnson grew up just outside of Erie, PA and attended Iroquois High School. She continued her undergraduate studies at Allegheny College in Meadville, PA graduating with a B.S. in Chemistry. She attended the Case School of Dental Medicine for her doctorate.

Nicole is involved in several areas of organized dentistry such as ADA Council on Membership,

Congratulations!

Alvin Arzt was recently interviewed by the Profitable Dentist, Dr. Woody Oakes, for a CD to be soon released. He describes many tips for a better dental practice that he learned in his 61 years of dental practice. "There are many basics learned in dental school that have been forgotten and should be considered to help our patients stay healthy."

David A. Anderson receives a Plaque of Appreciation in recognition of outstanding unselfish service as Chairman of the Western Pennsylvania Section of the American College of Dentists as presented by his wife, Carmen Anderson. Dr. Anderson also presented the ACD Student Leadership Award to Nicholas S. Lieb of the University of Pittsburgh School of Dental Medicine at the Annual Student Award Night Reception held at the Pittsburgh Athletic Association.

Section Has New Office

The USA Section has moved to a new headquarters location. One of the goals of the Applied Strategic Plan was to purchase office space to accommodate our increased activity and growing staff. Taking advantage of the depressed real estate market in the Capitol area the Section was able to buy a property which was appraised at \$1.3 million for less than half a million dollars and qualify for a very attractive mortgage rate. The plan is to pay the mortgage off within five years. The new address is:
