INTERNATIONAL COLLEGE OF DENTISTS - SUMMER 2013 EDITION

ICD- USA REGENTS UPDATE

This past two years it has been exciting to work with the board of regents, as we worked on our core values with the help of a strategic plan, identified those values that mean the most to all of us as ICD members. It has truly been my pleasure to serve as the Regent for the Fourteenth District and as I leave the position at the end of this year, I will have some of the greatest memories and greatest friendships that I could have ever wanted.

Being on an active board that really cares about the values of this organization is something that I have really enjoyed. We worked on the Fisher House Project, produced a Professional Video about membership values and developed and International Program that includes training for Professionals who want to learn more about mission work. These are just a few of the reasons that I am proud to me a member of ICD and I hope that you are too!! Mahalo, Nora Harmsen
