

KEYNOTES

USA Section - International College of Dentists

February 2009

GREETINGS FROM THE PRESIDENT

2009 is an exciting year for the ICD-USA Section. We continue progressing toward the January 1, 2010 separation of offices between the Section and the College At Large. As of this writing plans are to hopefully have both offices in the same building with close cooperation between the two. Your officers, board and staff are committed to making this a seamless transition.

As most of you know, Registrar Dr. Robert Brady will retire at the end of 2009. The USA Section has selected our new Registrar. She is Dr. Carol Turner. Dr. Turner had a career in the U.S. Navy. She was the first female Chief of the Navy Dental Corps, retiring as a Rear Admiral. With extensive experience in command positions, finance and strategic planning, Carol is well positioned to help lead the Section into the future. She will begin on September 1, 2009 and assume the office of Registrar on January 1, 2010. We look forward to working with her.

The USA Section has had many outstanding leaders over the years. This year's Officers and Board of Regents (with the exception possibly of the President) continue the

tradition of strong leadership. I have served on and presided over many boards. Never have I been associated with such an array of talent as is present on this Board. There are truly no weak links at the table. Every one of the Board members has held major leadership roles in dentistry. The Section has a bright future ahead as this incredible group of dentists puts their hands on the wheel.

Nothing that we are doing or plan to do is possible without the emotional and financial support of our Fellows. You are the rock upon which we lean. It is heart warming in these tumultuous financial times to see that our membership renewals have remained steady. Never doubt that each of you plays an important role in keeping the Section vibrant.

Please support our Foundation. The Section and the Foundation are working closely together to ensure that we will be able to continue to do good works both here and around the world.

I have attended District meetings in New York, Texas and New England. All three had tremendous turnouts for their functions. These Districts are not just having breakfasts and luncheons, they are doing things. It is great to see the enthusiasm in these groups.

Make plans to attend our annual Continuing Education Conference in Baltimore on April 19 and 20, 2009. Tours of the National Museum of Dentistry and the University of Maryland Dental School are planned. The Fellows and spouses who attend are absolutely the finest folks you will ever meet. This will be my 8th in a row. Each has been educational and memorable.

Our post trip this year on April 21-24 takes us to Washington, D.C., where we will stay at the beautiful Gaylord Resort on the Potomac. Outings are planned to Annapolis, the U.S. Naval Academy, the Newseum and

Leighton A. Wier
2008-2009 President
USA Section

the Smithsonian Museum. Details are in this publication as well as on the web site.

None of us would be Fellows if someone had not taken the time to nominate us. Look around your area and seek out worthy dentists who are not yet members. Contact your Deputy Regent and they will walk you through the easy process of nomination. Although it is always nice to be at the Convocation with your nominee, it is not a requirement.

Our Convocation and Dinner Dance will be in Honolulu on Friday, October 2, 2009 at the Hilton Hawaiian Village. Join us as we honor the new Fellows and say goodbye to Bob and Jan Brady.

If I can be of help to any of you or if you have suggestions you would like to see considered, please do not hesitate to contact me or any officer, board member, or staff member. We are here to serve you.

It is an honor to represent you. I sincerely thank all of you for the opportunity to be of service.

Leighton A. Wier, D.D.S.

Past President (2007-08) Newell E. Warr and President Leighton A. Wier (right).

NOTES FROM THE CENTRAL OFFICE

Robert E. Brady
Registrar, USA Section

I would like to welcome our new Regents for 2008-2009. They are Bob Kramer for District 3, Jeanne M. Nicolette for District 7, Deck Barnes for District 11, Wayne Del Carlo for District 13 and John Jordan for District 17. They all bring experience to their new positions.

Leighton A. Wier became our President on October 17, 2008 and quickly organized his committees so they could function immediately. Dr. Wier, Immediate Past-President Newell Warr and President-Elect Ted Roberson spent considerable time preparing for 2009 so there would be continuity over a three year period of time. That was absolutely necessary as we go into a transition phase with the separation of the offices of the College and the USA Section as well as my retirement at the end of 2009. There is a lot to do and the Officers have taken the responsibility on their shoulders to make everything happen in a smooth and orderly fashion.

Over the next year, many things will take place in the USA Section. Some will be visible and others will simply solidify the strength of our Section. One of the most visible changes will be a new Registrar, Dr. Carol I. Turner, from Virginia. She will take office on January 1, 2010.

PLEASE SEND US YOUR NEW or CORRECTED
ADDRESS, PHONE NUMBER(S)
and/or E-MAIL ADDRESS
to:
reg-sg@icd.org
or
51 Monroe St., Ste. 1400, Rockville, MD 20850

(L-R) Central Office Staff: Kathleen Bula, Mary Jo Webster and Jennifer Greenville

Keep an eye on our USA Section website (www.usa-icd.org) and our International website (www.icd.org). Joe Kenneally, in charge of Information Technology, is actively working with our webmaster, Factor of 4, to make our websites more attractive, meaningful and informative.

We continue to use e-mail addresses to provide you with information as quickly as possible. Now the College-at-Large is providing a four page e-mail (*The College Today*) three times a year to give you College information. Look for all this on your computer and let us know how we can improve it.

We need your e-mail addresses and address changes/corrections!! Since January of 2006, we have sent out a *KeyMail* message once a month, around the middle of the month. We are trying to provide you with current information on the Section in a timely manner.

Look at our website: www.usa-icd.org. There is a wealth of material there with more to come!

Mary Jo, Kathleen, Jennifer and I wish you the very best! We will continue to support your ICD needs and will answer any questions that you have.

USA Section Foundation Report

Michael A. Luberto
ICD Foundation President

ICD Ties & Scarves

Kathleen and Mike Luberto
offering ties and scarves for Foundation donations.

It gives me great pleasure on behalf of the Officers and Trustees of the Foundation to invite you to join us at the Continuing Education Conference XXVI. It is being held in Baltimore, Maryland on Sunday, April 19 and Monday April 20, 2009. Our committee, led by Regent Michael Kenney, has lined up a terrific program.

Dr. Robert A. Ord will start off the program with "Changing Demographic of Oral Cancer and Oral Screening in the Dental Office." Two hours later we will hear Drs. Robert M. Taft and Gerald Grant give a presentation on "Maxillofacial Prosthetic Support for the Wounded Warrior; Past, Present and Future."

Monday morning at 8:00-9:45, "Dentistry and Dental Education-The Best is Yet to Come" will be presented by Dr. Christian S. Stohler. Also during that time frame, Dr. Michael M. Belenky will present "International Student Exchange: Global Pathway to the Future." From 10:00-11:45, Dr. Harold L. Crosely's presentation will be, "The Top 25 Most Prescribed Medications and their Dental Implications".

It is to be noted that all the presenters will not receive an honorarium. However, the Foundation to show its gratitude sends a large donation to the presenters' charity of choice in their name.

For CEC XXVII in 2010, the Foundation is investigating doing the CEC on a Cruise to the Panama Canal. Tentatively, we are looking at March 3rd to March 13th. It would leave from Fort Lauderdale, FL. The

10 day trip would enter the Panama Canal and go part way, then return toward Florida. Going to and returning from the Panama Canal, the cruise would make various stops along the way. The four days at sea would be when the CEC classes will be held.

The CEC lectures, as always, will be presented at no cost to the ICD Fellows. If you have dental friends that would like to be included and are not ICD Fellows, the approximate 16 hours will be charged a reduced nominal fee. Non-dental friends are also invited to join you, assuming space available. More in the future as plans are completed.

In our quest to raise funds, the USA-ICD Foundation had ties and scarves made in the colors of the ICD, including the "key" logo. Not only do the funds help to support the Foundation in its many charitable grants, but it is also a means of identifying yourself as a Fellow of the College.

We still have a limited number available for a tax-free donation of one hundred dollars or more. If you are interested in receiving either a tie or scarf, you may contact me by e-mail at maluberto@aol.com or by phone. I can be reached at 313-882-1850 (MI) or 941-753-9711 (in FL-January to March 15). Mastercard or Visa are accepted. Checks should be made out to the ICD USA Section Foundation.

Memorial cards are also available in a package of three for \$75.00.

Make out all donations to the ICD USA Section Foundation and send to the ICD USA Section Foundation, 51 Monroe Street, Suite #1400, Rockville, MD 20850.

Thank you for your support and generosity to the Foundation.

In Fellowship,

Michael A. Luberto, DDS FICD

President, ICD USA Section Foundation

The
USA Section Foundation
International College of Dentists

The USA Section Foundation of the International College urges you to purchase these *tax-deductible* donation cards.

\$75 for a 3-card package.

These cards can be sent by you as a memorial, a congratulatory wish or a birthday wish.

The ICD Foundation supports our educational and humanitarian efforts.

Please support your ICD Foundation.

Key Notes

February, 2009

Be A Leader - Make A Difference

Developing, Promoting and Recognizing Leadership

Convocation & Dinner Dance

Honolulu, Hawaii

October 2, 2009

About Honolulu, Hawai'i . . .

It is not known when Honolulu was first settled by the original Polynesian migrants to the archipelago. Oral histories and artifacts indicate that there was a settlement where Honolulu now stands in the 12th century. However, after Kamehameha I conquered O'ahu in the Battle of Nu'uano at Nu'uano Pali, he moved his royal court from the Island of Hawai'i to Waikiki in 1804. His court later relocated, in 1809, to what is now downtown Honolulu.

Captain William Brown of England was the first foreigner to sail, in 1794, into what is now Honolulu Harbor. More foreign ships would follow, making the port of Honolulu a focal point for merchant ships traveling between North America and Asia.

In 1845, Kamehameha III moved the permanent capital of the Hawaiian Kingdom from Lahaina on Maui to Honolulu. He and the kings that followed him transformed Honolulu into a modern capital, erecting buildings such as St. Andrew's Cathedral, Iolani Palace, and Ali'i'olani Hale. At the same time, Honolulu became the center of commerce in the Islands, with descendants of American missionaries establishing major businesses in downtown Honolulu.

Despite the turbulent history of the late 19th century and early 20th century, which saw the overthrow of the Hawaiian monarchy, Hawai'i's subsequent annexation by the United States, and the Japanese attack on Pearl Harbor, Honolulu would remain the capital, largest city, and main airport and seaport of the Hawaiian Islands.

An economic and tourism boom following statehood brought rapid economic growth to Honolulu and Hawai'i. Modern air travel would bring thousands, eventually millions (per annum) of visitors to the Islands. Today, Honolulu is a modern city with numerous high-rise buildings, and Waikiki is the center of the tourism industry in Hawai'i, with thousands of hotel rooms.
